**Subject:** EPA inspection. Of Greenleaf Desert View on Nov 17

Dear Chairperson Douglas Welmas,

I am writing to notify you that the U.S. Environmental Protection Agency (EPA) plans to conduct a Clean Air Act (CAA) and Toxics Review Inventory (TRI) inspection at GreenLeaf Desert View Power (DVP) in Mecca, California, within the Cabazon Band of Mission Indians Reservation on November 17 and 18, 2021. You or any member of the Tribal Council

are welcome to attend the inspection. We would like to work closely with you, Jacquelyn Barnum, Director of Planning and Development; Javier Aceves, Environmental Manager; and Jonathan Lopez, Environmental Analyst, GAP regarding details of the inspection logistics. Joining us will also be Ken Dudash from the South Coast Air Quality Management District.

DVP is located at 62300 Gene Welmas Way in Mecca, CA, within the Cabazon Band of Mission Indians Reservation.

On April 2, 2021, EPA sent an Information Request under Section 114(a) of the CAA for information to determine compliance of the CAA and TRI, as DVP operates its facility subject to a Title V Permit to Operate and a PSD Permit, which includes requirements of 40 C.F.R. Parts 51, 52, 60, 61, 63, and 71 through 75. DVP provided responses to EPA, and EPA is following up to the Information Request with this onsite inspection.

Typically, the EPA inspector will meet with the tribe's environmental staff to discuss the planned activities. Upon request, the inspector can also meet with you or any other tribal representatives. If you have any questions regarding this letter, please contact me at (415) 947-4198. If you or your staff would like to schedule an entrance or exit briefing with the EPA inspector, please contact Andrew Chew at 415-947-4197 or by email at Chew.Andrew@epa.gov or Yvezee Lapada at 415-972-3785 or by email at Lapada.yvezeenikita@epa.gov.

Thank you in advance for your ongoing partnership with EPA to protect public health and the environment on the Cabazon Band of Mission Indians Reservation.

Regards,

Amy C. Miller, Director  
Enforcement and Compliance Assurance Division  
U.S. Environmental Protection Agency, Region 9
